Mississippi Co.  
Drops 17,000  
From Food List

BLTHERVILLE, Ark. (AP) — Unemployment may drop in Mississippi County as a result of a move to get able-bodied workers off surplus food rolls and into jobs.

County Welfare Director Floyd Irby said Wednesday that 17,000 of the 27,000 persons in the county now receiving surplus commodities will be cut off the list. Officials said it was too soon for any group reaction.

State authorities have the right to veto the plan, Irby said. "They've been silent so far and I guess they must approve."

"A truly deserving person would be taken off the rolls, Irby said, but they will have to show proof of their needs."

"With the cotton-picking season at hand," he said, "any able-bodied man ought to be able to find work."

About 40 per cent of the population of the big cotton-producing county, in northeast Arkansas, now gets free food under a federal government-supported surplus commodities program.

Primary reason for the county's action, Irby said, was because of the "haphazard attitude toward work" by many of the seasonal laborers.

Many farmers, he said, complained that they were unable to find workers.

The revised lists of recipients, Irby said, will include persons drawing pensions, family breadwinners who are disabled and widows with children but no male adult support.

Previous requirement for receiving the free food was a signed statement that the recipient earned less than a certain amount each year. The minimum was \$900 for a single person, \$1,500 for two persons and \$300 additional for each other person in the family.

The number of persons on the rolls has increased steadily, Irby said. It has "snowballed until it has gotten out of hand."

It costs the county \$3,000 or more a month to transport, store and distribute commodities, he said.

Theaters to  
Start Fall  
Schedule

Now that school has started, the Sanger Theatre will begin its fall policy. During the week, starting Monday, Sept. 11, the office will open at 6:30 and show starts at 6:45.

There will be four matinees a week, Monday, Wednesday, Saturday and Sunday. Midweek the theatre will open at 1 and the show starts at 1:15 so that mothers will have time to see the picture before school is out. The first special Ladies' Matinee will be Sept. 11. Some of the big shows to be shown midweek are: "The World of Suzie Wong, Elmer Gantry, By Love Possessed, Parrish, Strangers When We Meet and many, many more top hits of '61."

Man in Holdup for  
\$1.50 Is Paroled

LITTLE ROCK (AP) — Leroy Higginbotham, 23, who wounded an officer seeking to question him about a \$1.50 robbery in 1954, was one of 42 convicts paroled by the state Pardon and Parole Board Wednesday.

Former Washington County Sheriff Bruce Crier, now county judge, was shot with a .22 caliber pistol when he approached Higginbotham.

Higginbotham drew a 10 to 21-year sentence for assault with intent to kill and for robbery. He served the minimum term under a 21-year conviction.

In addition to the 42 paroles granted, the board recommended executive clemency for nine other convicts. Their names will be disclosed only if Gov. Orval Faubus approves clemency.

Austria City  
Has Modern  
New Church

By ERIC WANA

INNSBRUCK, Austria (AP) — A modern church points a pencil-like steeple to the skies over conservative Tyrol as if to call attention to its existence among the thousands of onion-shaped church towers.

"This is the only modern church in Tyrol," said the architect, a young and heavy-set Tyrolean Josef Lackner, 30. "I am afraid it will remain the only modern House of God for some time."

This Alpine province is called "the holyland Tyrol" because of its arch-conservative Catholicism. It must have taken some "revolutionary thinking" to stage a contest for a new church at the small community of Neu-Arzl and to admit modern architects.

Neu-Arzl numbers 2,500 people. It is near the provincial capital, Innsbruck.

Lackner, a blond and now somewhat angry young man, took a look at his church and remarked: "I was given the opportunity of building this church because I won the contest with my project. I think this was the last contest for some time."

Lackner is duly grateful to the church authorities and to provincial leaders for giving him the chance. But he leaves no doubt that he is bitter about the lack of understanding for modern art which he said he encountered during construction.

Lackner said some modern art objects have already been removed from the church on orders of his employers.

"They took out the modern statue of Christ on the cross, they insisted on putting in some things I did not want—like this carpet—and now I am fighting for my altar paintings."

Lackner was asked how the population felt about the church. "Some like it and some don't," he said. "Most of them are proud, however, of the attention it gets. Many people come here from far just to see it."

The church is made of concrete and glass, the building materials of the 20th century.

No Extension of  
Poll Tax Deadline

LITTLE ROCK (AP) — Atty. Gen. Frank Holt said Wednesday that the law does not provide for an extension of the Oct. 1 deadline for paying poll taxes, even though the final day falls on a Sunday. The opinion went to state Auditor Jimmie (Red) Jones.

Thieves will steal just about anything... Tuesday night some one took some 4 inch by eight foot lengths of sewer pipe which was parked at Roy Warren's home on South Hamilton.

For convenience of the public the Collector's office will remain open during the noon hour each day through Oct. 2... seems the tax paying deadline falls on Sunday, Oct. 1 this year... this year's poll tax is needed to vote next year which is a big political year.

Coach John Pierce reminds the local Junior eleven will be seeking victory No. 15 tonight at 7:30 at Hammons Stadium when they take on the Prescott Wolf Cubs in the opening game of the season for both teams.

Hope was hit by an electrical and rainstorm early last night... however, there was very little rainfall north of the city... as

State Reserves,  
Guard Alerted,  
May Be Called

LITTLE ROCK (AP) — Spokesmen today clarified the status of Arkansas military units which were among a nationwide group selected Wednesday to step up training in preparation for a possible call to federal service.

Eight Army National Guard units and four Army Reserve units were picked in Arkansas.

Headquarters said that for three of the Guard companies, the order will mean an intensification of training within the present program.

No more drills will be added at this time, a spokesman said, but recruits will be limited to persons with prior military service.

These three are the 875th Engineer Battalion of Jonesboro, Headquarters and Headquarters Detachment, 101st Medical Battalion and the 296th Medical Company, both of Booneville.

In addition to the recruiting limitation, the other Guard units will get an extra full day's drill a month and may be augmented by ready reservists of needed military specialties in the area.

Those in this category are Headquarters and Headquarters Company, 142nd Artillery Group of Fayetteville, the 142nd's Second and Fifth Howitzer Battalions of Fort Smith and West Memphis, respectively, the 148th Evacuation Hospital of Little Rock, and the 404th Ordnance Company of Monticello.

The spokesman said it was not an alert, but part of an intensified combat training program. He said the Guardsmen's extra pay would be federally paid.

Army Reserve units, scheduled to get more drill, but currently no reinforcements, are:

The 489th Engineer Battalion with units at Hat Springs, Little Rock, Malvern and Pine Bluff; 887th Medical Detachment, Little Rock; 307th Medical Detachment, Little Rock; and 444th Ordnance Co., Fayetteville.

Pentagon Still  
Against the  
Harding Film

WASHINGTON (AP) — Defense Secretary Robert S. McNamara told the Senate Armed Services Committee Wednesday that the Pentagon has re-affirmed its decision that the film "Communism on the Map" is unsuitable for troop information programs.

The film was produced by the National Education Program at Searcy, Ark.

McNamara said it was found unsuitable for troop information programs during the Eisenhower administration and the present Pentagon leadership has re-affirmed the decision.

The film pictures the United States as encircled by unreliable, communist - influence allies, McNamara said, and "can and has been interpreted as leaving one with a feeling of defeatism."

McNamara said the other film, "Operation Abolition," has aroused great interest among the services and it is available on request.

That film depicts roiling at a San Francisco hearing of the House Un-American Activities Committee.

Chicago (AP) — A Roman Catholic church has been forced to close its doors, except during hours of services, because of a wave of burglaries.

The Rev. John Cunningham, assistant pastor of St. Thomas the Apostle Church, said Wednesday the doors were being locked at the suggestion of police who said they were unable to protect the church throughout the day and evening.

Three times within the last two weeks the church altar box and votive light offering boxes have been broken into.

UAW Leader  
Turns to  
Ford Co.

By DWIGHT PITKIN

DETROIT (AP) — Walter P. Reuther will go calling on the Ford Motor Co. as soon as he settles on the details of the United Auto Workers' agreement with General Motors.

"Ford is the next door I will knock on," the UAW president said late Wednesday after resuming his talks with GM until today.

Reuther indicated he was confident of making a final settlement with GM that will set the pattern for Ford and Chrysler. He said there is no pressure now in the GM negotiations because, "There is general agreement in all important areas" of a national economic settlement on wages and extra benefits.

GM Vice President Louis G. Stenton agreed the company and union were in essential agreement in the national economic area.

The GM-UAW negotiations are continuing under a strike truce. A shutdown of GM plants was averted Wednesday by extending the deadline to 10 a.m. Monday. The union's contract with Ford and Chrysler were extended to next Wednesday midnight.

Nearly all of GM's 325,000 hourly workers stayed on the job. But there was a rash of wildcat strikes at seven GM plants. Reuther predicted operations at the company's 129 plants will be normal and workers will be "elated" when they learn the details of the economic package.

Reuther told newsmen that he was "not free to discuss the details" of the union's agreement with GM on broad economic issues. The UAW and GM were reported—without confirmation—to have worked out an arrangement whereby employees would contribute three cents in hourly pay to certain fringe benefits. One cent, taken from the cost of living pay increase, would go toward increasing pensions. The other two cents—for one year only—would come out of the annual 7 cents an hour improvement factor wage increase and would go into hospital-medical insurance, GM and the UAW now pay this on a 50-50 basis.

Negro Trials  
to Resume at  
Little Rock

LITTLE ROCK (AP) — Jury trials for Negroes charged in criminal cases will resume in Pulaski Circuit Court next month after a six-month layoff.

Circuit Judge William J. Kirby began postponing jury trials for Negroes after the U.S. 8th Circuit Court of Appeals, in overturning the conviction of Luther Bailey last March, held there was a "pattern" of racial discrimination in the selection of juries in the state court.

Bailey, a Negro, was sentenced to death for the rape of a white woman at Little Rock in 1958.

The appellate court ruling was taken to the U.S. Supreme Court where it is pending.

Kirby resumed scheduling Negro jury trials Wednesday and called about 200 cases for action. Trials were set for most of them, beginning in October and extending into 1962.

Among the scheduled cases is a Dec. 7 date for a retrial of Maceo Bins Jr., 30, who was charged in a 1960 dynamiting at the home of a Negro student at integrated Central High School. The state Supreme Court reversed the conviction and three-year term given Bins at a 1960 trial.

Kirby delayed setting a trial date for three North Little Rock Negro youths charged in the rape of a 16-year-old white girl March 11.

Woman Captures  
Negro Burglar

ST. PETERSBURG, Fla. (AP) — A pregnant young housewife surprised a Negro burglar in her home, chased him out onto a busy street and held him at bay with an empty pistol until police arrived.

Sandra Cutts, 19, said she arrived home with her one-year-old daughter Wednesday after having lunch with a sister. She found the burglar, identified as Arthur J. Newton Jr., 15, in her kitchen.

She put her baby down, grabbed the pistol and chased Newton out of the back door, down an alley and out onto the street.

"I got so mad I didn't have time to get scared," she said. "It's a good thing he stopped, or else I don't know what I would have done. I didn't even have any bullets for the gun."

Police said they found two watches, a ring and several other items belonging to the Cutts stuffed in Newton's shirt. He was held by juvenile authorities.

McCaskill Man  
Held for Burglary

Sheriff Jimmie Griffin has arrested a McCaskill man for authorities at Idabel, Okla., where he was wanted for a burglary two weeks ago. The sheriff said he turned Jerry G. Coleman, about 35, over to Oklahoma officers. He said Coleman was wanted in connection with the theft of tires, cigarettes and other items from an Idabel business.

Senators Rap  
Reprisal Hints  
by Governor

LITTLE ROCK (AP) — Three senators have responded to an "obstructionist" label pinned on them by Gov. Orval E. Faubus with blasts against the governor.

State Sen. Clarence E. Bell of Parkin who managed Faubus' successful fourth term campaign last summer—gave a possible hint of reprisal. Faubus had said that Bell was cooperating with the obstructionists and would be sorry.

"I think perhaps another verse or two will be sung," Bell replied. He declined to amplify this statement.

Sen. John O. Moore of Texarkana said he didn't object to the governor's use of "obstructionist." But he said, "I was greatly disappointed to learn from the newspapers that he would imply that the people of Texarkana, Ark. might be the victims of economic reprisal."

Faubus hinted at a possible move to have a sales tax concessions for Texarkana, Ark., merchants removed in retaliation for Moore's votes against some administration-favored bills in the recent special session. Texarkana merchants now charge sales tax at a lower rate and only on certain items to enable them to compete with businesses in neighboring Texas.

Sen. John Eldridge of Augusta said that if being an obstructionist meant trying to save the taxpayers' money, he was happy to wear the label.

A fourth senator mentioned by Faubus, Marshall Shackelford of El Dorado said he had been worried with a seriously ill daughter and hadn't had time to pay much attention to what the governor said.

The basis for criticism of all the senators was failure in the Senate of some appropriations measures backed by Faubus.

Faubus contended an "obstructionist bloc" defeated the bills to embarrass him.

Brazil VP  
Virtually  
Powerless

BRASILIA, Brazil (AP) — Leftist Joao Goulart prepared to take on the virtually powerless job of Brazil's president today and the nation seemed headed for a middle of the road government that may turn a cold shoulder to Fidel Castro and retreat from close ties with the Communist bloc.

After a 12-day crisis that began with the resignation of President Janio Quadros Aug. 25, the South Brazilian rancher, Brazil's vice president since 1956, was to be inaugurated this afternoon as chief of state. But Congress has stripped the office of virtually all power to satisfy military leaders who feared the leftist Goulart would open South America's largest nation to Communist takeover.

# Contract Let for County Road Paving

LITTLE ROCK (AP) — The Arkansas Highway Commission today received apparent low bids totaling \$6,151,670 in 19 road and bridge projects.

Most of the projects were relatively small.

The largest was for grading and structures on Interstate 40 from Morgan Community to Crystal Hill in Pulaski County.

The apparent low bid was \$1,500,957 by McGeorge Construction Co. of Pine Bluff and Forsgren Brothers of Fort Smith.

Bids also were opened for reconstruction of Highway 270 east of the junction with Highway 71 and rebuilding of Highway 64 between Alma and Big Mulberry Creek.

Besides the Pulaski County project, other jobs by counties with apparent low bidders and their bids include:

Crittenden—4.77 miles of surf-

ing on Highway 38 between Seypell and Thompson Grove; Reynolds and Williams, Little Rock, \$169,184.

Arkansas—3.50 miles of surfacing on Highway 33 from the junction of Highway 146 northward and westward to a point near the Prairie County line; Ben F. Hawkins Construction Co., Lake Village, \$152,917.

Chicot—Five miles of surfacing on Highway 142 between Lakeport and the junction of Highway 82; L. S. Co., Inc., Lake Village, \$214,999.

Drew—5.5 miles of surfacing on Highway 35 from Monticello northward; Reynolds and Williams, \$157,929.

Jefferson—1.75 miles of surfacing on Highway 65, forming a Pine Bluff city connection; Southeast Construction Co., Pine Bluff, \$327,926.

Hempstead—3.22 miles of surfacing on Highway 32 southeastward from junction of Highway 4 near Hope; Ben M. Hogan Co., Little Rock, \$129,172.

Scott—8.22 miles of reconstruction of Highway 270 from the junction of Highway 71 eastward; McGeorge Construction Co., \$760,349.

Crawford and Franklin—Reconstruction of 1.7 miles of Highway 64 between Alma and Big Mulberry Creek; Arco, Inc., Tulsa, Okla., \$949,516.

# Reprimand of Walker for Politics

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today the reprimand given Maj. Gen. Edwin A. Walker was based in part on a finding that Walker tried to influence the 1960 congressional election.

Walker was relieved of his command of the 24th Infantry Division in West Germany last April pending an investigation of a troop education and indoctrination program he sponsored.

The inquiry led to an official reprimand which aroused much controversy and led some Congress members to charge that Walker was disciplined merely because he was a zealous anti-Communist.

Testifying before the Senate

Armed Services Committee, McNamara said Walker was reprimanded for two reasons:

1. He conducted an indoctrination program which violated Army regulations, and made "inflammatory and derogatory statements" about past public officials including former President Harry Truman.

2. The general tried to influence the troops of the 24th Division and their families in their voting in the 1960 congressional election.

McNamara appeared before the committee to reply to protests by Sen. Strom Thurmond, D-S.C., that anti-Communist pronouncements by military officers are being censored and "muzzled." The committee is considering a resolution by Thurmond for an investigation of Pentagon policy as to public speeches by military men.

McNamara said that department policy does restrict the public utterances of officers, but only to prevent them from getting into partisan politics or creating con-

# Wife Held in Husband's Death

LITTLE ROCK (AP) — Gus Osburne, 34, was shot to death Wednesday night as officers said his wife was held on an open charge in the slaying.

Sheriff's deputies said the shooting followed an argument between Osburne and Mrs. Lanel Osburne, 28, at their home just outside the Little Rock city limits. The couple's three young children were asleep in another part of the house at the time.

fusion by departing from national policy of engaging in controversy. "I do not regard this as censorship," McNamara said.

**BETTY LIGON, DAUGHTER** of Mr. and Mrs. Freeman Ligon, also entering the university.

**JAMES STEWART, SON OF** Mr. and Mrs. Ellis Stewart, who is entering the university.

**THE EDITOR ARRANGED** the photographic party with Ellis Stewart, Prescott electrical contractor — and it came off successfully last Sunday after two previous failures due to weather or rough water. Mrs. Stewart piloted their 16-foot Red Fish boat, powered with an Evinrude 75, which got up the four skiers with ease. Mr. Stewart piloted the editor's outboard cruiser, while the editor was perched on the roof with a 3x telephoto lens and two cameras, one for color and one for black-and-white. The pictures were made running westerly in Cowhide Cove.

The Age-Old Problem Of Old Age

By HELEN WORDEN ERSKINE

Dear Helen: My husband asked me to write you for advice on what to do in a real problem—my mother. Ever since Dad passed away six years ago I've been her sole support.

I am one of five children; three boys and two girls. Mother lives next door to us in a small house we own. She has high blood pressure, a heart condition, is partially crippled in one foot and recently suffered her second stroke. And still she insists upon doing for herself!

I love her dearly and would be the last person in the world to hurt her feelings. But, to leave her alone is to let her die. Her other children are indifferent to what happens. If my husband and I mention this she puts for days and if I try to help her she cries that I'm bossing her. My husband is just as good to her as I am, but she resents anything we do. We are both nervous wrecks. Can you help us? — Trying To Do Good.

Dear Trying: Your husband comes first. Take a stand. Your brothers are equally responsible for their mother's welfare. You've done your share, now it's their turn and don't let sentiment stop you. Your mother evidently needs constant care. A practical nurse or a nursing home is the answer. Figure up the cost, divide the expenses into five, call a family powwow and lay down the law. Either the others share and share

alike or you go to the law. It will be on your side.

Dear Helen: My husband claims he is happily married but some while back, in going through his pockets, I found a letter from his best friend's wife saying they were made for each other. It sure shocked me; I felt positively sick. To make matters worse, the best friend is an invalid. What to do? —Very Disturbed.

Dear Disturbed: The letter is only circumstantial evidence. Ask your husband for the truth. Is this a passing fancy or a serious affair? What does he intend to do? If it is you he really loves, help him to help himself. Any man is prey to a woman with an invalid husband, especially if she is physically attractive.

Dear Helen: I am 17 and could be very pretty if it were not for a broken nose. I checked with the local hospitals and have found a plastic surgeon who can take out the unsightly bump. With it I am self-conscious, reluctant to leave the house and generally miserable. My sister is so beautiful and believe me, that doesn't help matters. Now Mother says I cannot have the operation. Try to help her see that I am right in wanting the operation. —Please Help!

Dear Please Help: In this case you are right and your mother wrong, provided the plastic surgeon is reliable. Get the best. It Continued on Page Four

## U. S. Jury Indicts Two Arkansans

MEMPHIS (AP) - James Russell Mann, 21, and Thomas Leroy Flick, 25, both of West Memphis, Ark., were indicted by a federal grand jury here on charges they conspired in a check forging scheme.

Dist. Atty. Tom Robinson said Mann took eight government checks totaling \$550 while working as a Naval mailman at the Memphis Naval Air Station.

Mann and Flick conspired to forge and cash the checks, Robinson said.

## Bobcats Travel to Pine Bluff Friday Night

By VINCE FOSTER  
Hope Star Sports Writer

The Hope Bobcats will meet the highly rated Pine Bluff Zebraws there tomorrow night at 8 p.m. The AAA Zebraws are rated 6th in the state and 5th in the Big 9.

Pine Bluff, coached by Ralph Brooks, finished last year with eight wins and four losses. The first of those wins was the 13-0 victory the Zebraws brought home from Hope. This year they are favored to take the Bobcats by the same score. The last Hope team to beat Pine Bluff were the undefeated Bobcats of 1958. This one is the fourth game in the Hope-Pine Bluff series and although the Zebraws lead 2-1 in victories, Hope has a seven point scoring edge.

The only returning P.B. back is LHB Clint Settle, who is quite a speedster. However the Zebra line should be as strong as last year with veterans Hank Weaver, 175 pound tackle, another 175 pound tackle, Carl White and Tom Cunningham, a 190 pound guard. The Zebraws will be running a tight "T" with flankers plus various other plays from the "belly" series.

For the past three weeks the Cats have been yelling "Get a Zebra! and Beat Pine Bluff." Tomorrow night with the odds against them, it will be time to prove just how much they meant those yells. The Cats line average is about 175 pounds, while the backfield averages 155. "They're going to really have to be up," commented Coach Pierce.

Follow the Bobcats to Pine Bluff Friday and boost them to an upset over the Zebraws. Let the Cats know you're behind them.

Tonight the Hope Bobkittens will be trying for their 15th consecutive victory when they meet their old rivals, the Prescott Curly Wolves at Hammond Stadium. Kickoff time is 7:30.

The starting Kitten line-up will be: RE, Beard; RT, McMahon; RG, Still; C, Willis; LG, Samuels; LT, Guerin LE, Sprague, and QB Jordan; RHB, Waller; FB, Moses; and LHB, Burnett.

### Arkansas Is Rated 4th in Conference

By HAROLD V. RATLIFF  
Associated Press Sports Writer

DALLAS (AP) — The Southwest Conference football race opens two weeks hence. It won't run according to form because it never does.

Defending champion Arkansas is rated fourth by the experts and Coach Frank Broyles says he doesn't have the defense this year. However, the Razorbacks look stronger offensively.

Rice and Texas are the teams being put on the spot. Rice has more veterans and more seniors and Coach Jess Neely is one of its biggest boosters for his team to win the championship.

Texas Coach Darrell Royal points to too many sophomores in the line although he admits his backfield should compare with any of them. It includes Jim Sakton, one of the nation's top runners.

Offensively Baylor stacks up with anybody, and that includes the line. Defensively though, Coach John Bridgers says, the Golden Bears aren't deep enough.

The only other team given a chance of cracking into the first division is Texas A&M with an experienced squad and some bright sophomores.

Texas Christian has less experience than any time since 1957. Texas Tech doesn't have enough good linemen. Southern Methodist, winless last year, will be much better.

All the coaches are agreed that the conference will be its strongest in history, or at least the strongest since the late '30s. However, even then there were only two or three really strong teams. This year there are at least five of national stature.

Garrison Avenue, the main street of Fort Smith, is exceptionally wide because it served as the parade grounds for old Fort Smith.

### Maris Takes Issue With Claims

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP) — Roger Maris, a man of definite opinion, took issue today with those who claim that Yankee Stadium, a paradise for left-handed hitters, has been helpful in his bid to break Babe Ruth's record.

"I agree that this park has got to help a left handed hitter like myself," he conceded. "But I still think I'd have hit just as many, or nearly as many, if I were still playing with Kansas City."

"Check my home runs and you'll find that I have hit more home runs on the road than at home. I don't know how many I hit in other parks this year but I know last year I hit 26 or 27 of my 39 on the road."

The records bear that out. Roger slammed No. 54 of the season at Yankee Stadium Wednesday as Whitey Ford won his 23rd with a five-hit 8-0 decision over Washington. The victory increased the New York Yankees' first place lead over Detroit to eight games.

Maris's homer, putting him seven games ahead of Ruth's pace when the Babe slammed 60 in 1927, was Rog's 28th at Yankee Stadium. The other 28 have been hit in foreign fields. Mickey Mantle, who walked twice but failed to hit any out of the park, has hit 29 of his 51 in enemy territory.

Maris's homer No. 54 was caught by teammate Bob Hale in the Yankee bullpen. The reserve first baseman presented it to Roger for his collection.

"I began saving them after I reached the 40's," Maris explained. "Every homer I hit after 40 I kept thinking might be my last so I figured I might as well save them."

Maris writes the date and number on each home run ball that is returned to him. He didn't know how many he had because he gave some of them away to friends.

"No more," he said. "From now on, I'm going to keep every one of them."

He conceded they might be harder to come by from now because "those pitchers are chugging up on me a lot more now. I'm not getting many pitches over the plate. They're either outside or inside. I really don't expect any down the pipe. When one comes, I'm surprised."

## Maris Gets No. 54, Ford Wins 23rd Game

By ED WILKS  
Associated Press Sports Writer

Six more. Two every five games. That's all it will take now for Roger Maris to hit 60 home runs and tie Babe Ruth's long elusive record.

After hitting No. 54, for his first hit in 17 at bats, as the New York Yankees clobbered Washington 8-0 Wednesday, Maris is seven games ahead of Ruth's record pace of 1927.

Mickey Mantle, who has paired with Maris for half of the Yankees' AL record setting 210 homers this season, was 0-for-2, walking twice Wednesday and now is one game and one home run behind Ruth's pace. Mantle has hit 51.

Pushed to the background as Maris' 54th set off an awesome display of five Yankee home runs Wednesday was the fact that Whitey Ford became the first left hander to win 23 games in the AL since 1932 and that New York powered eight games ahead of idle Detroit.

The Chicago White Sox beat Minnesota twice, 6-3 and 4-2 in 10 innings, and Boston clipped Cleveland 9-4 in the only other AL games scheduled.

In the National League, St. Louis walloped Cincinnati 11-5, and second place Los Angeles edged within one game of the Reds by beating San Francisco 9-5. Milwaukee beat Philadelphia 1-0, as Warren Spahn broke Eddie Plank's record of 305 victories by a southpaw in one league, and the Chicago Cubs defeated Pittsburgh 6-2.

Maris' solo home run, his ninth against Washington, broke up a scoreless duel between Ford (23-3) and Tom Cheney (11-3) and got the Yankees started on a five-run fourth inning after two were out. John Blanchard belted two. Bill Skowron and Bob Hale hit the other home runs.

Ford allowed five hits and struck out seven. The win reduced the Yanks' magic number to 16—any combination of New York victories or Detroit defeats totaling 16 clinches the flag.

The White Sox banged 13 hits, one a homer by Nellie Fox, and beat Pete Ramos (10-17) as Juan Pizarro (13-5) won his seventh in a row in the first game at Minnesota, a replay of Tuesday's 3-3 tie. Two unearned runs in the 10th won the second game for the Sox and Don Larsen (7-1). Camilo Pascual (12-15) was the loser.

Rookie Carl Yastrzemski drove in four runs, three with a homer, for Boston. Rookie Don Schwall (14-4) kept the Indians in check although allowing 11 hits. Jim Perry (9-13) lost it.

### Porkers Work on Their Kicking Game

FAYETTEVILLE, Ark. (A) — The Arkansas Razorbacks were set for another round of two-day practice sessions today in the wake of a sluggish workout Wednesday.

Hot, sultry weather got part of the blame for Wednesday's slowdown and the day-to-day pounding added its share.

"They're tired but we expected it," coach Frank Broyles said. "They've just got to fight through it."

The Porkers worked on their kicking game and continued assignment and signal drills but did no scrimmaging.

Fullbacks Billy Joe Moody, Mickey Cissel and Frank Blew were out of action because of injuries and the coaches were using other backs in the fullback spot on the second unit during most of the workouts.

Also sidelined with injuries was guard Tommy Polk.

The Razorbacks open the season at Jackson, Miss., Sept. 23 when they tangle with the University of Mississippi.

The Porkers have not lost an away-from-home season opener since 1928. And they lost that year to Ole Miss, 25-0.

## Pastures Are Best Source for Roughage

Livestock farmers looking for a source of good cheap roughage find permanent pasture is usually the best source, reports Calvin Caldwell, county agent.

Many fields could be made to profitably produce more forage than they are producing at the present time. Our basic problem is to convert low carrying capacity land into good pasture and then market that pasture as milk or meat.

Each pasture, because of its owner, cattle number present, topography, general location, labor distribution, etc., is just a little different. No "pat answer" will solve all problems. A good pas-

ture program requires careful planning. Worthwhile results require faithfully carrying out plans with adjustments as needed.

Very often one practice will give best returns only if used in conjunction with other practices. The most hurting problems should be taken care of first.

A problem common to most pastures in Hempstead County is excess soil acidity and low fertility. The application of lime and fertilizer according to soil tests and according to grass and legume needs will increase production and help crowd out weeds and brush.

You cannot get full production from the land with undesirable pasture plants and only half a stand of desirable grasses and legumes. Here, renovation or re-seeding may be necessary.

Weed control, liming, fertilization and reseed may be of limited value without good grazing management. Grazing management costs little or nothing when compared with other pasture improvement practices. Do not graze pastures when they are too wet. Avoid over-grazing — do not graze closer than two or three inches. Remove excess mature growth. New growth is more palatable and higher in protein. Graze pastures only while actively growing. Delay grazing of new seedlings until they are well established. Established sods should be well recovered from dormancy or drought before pasturing starts.

Finally, to reap the added benefits from the increased pasture production, it must be properly utilized. It must be converted into saleable milk or beef. Herd efficiency is very essential for satisfactory returns. A 50 per cent calf crop or 4,000 pounds of milk per cow may not justify any capital outlay for pasture improvement. So, plan your pasture production according to your particular farm needs. Mr. Caldwell suggests:

"I know this is your rush hour, Jack, but can you take time out to count these 268 empty bottles I'm returning for credit? I'm in a hurry, too."

"Mary Jane, I told you not to unwrap that fish. Now pick it up off the floor and put it back before..."

"Hey, Jack, I made it all the way from the iceberg lettuce to the smoked hams, the mayonnaise, the rye bread, and back here to the checkout counter—in a minute and 12 seconds flat. Is that a new course record?"

FREE GRANDSTAND SHOW ATTRACTIONS

LITTLE ROCK—For the kiddies there's Huckleberry Hound and Yogi Bower, and for music lovers there's the Chordettes. Other entertainment for the Grandstand Show includes Professor Backwards, illusionist Ferry Forst and Teddy Phillips and his band.

## Faubus Promises Lake to County

LITTLE ROCK (AP) — Gov. Orval E. Faubus said Tuesday he favored a proposed recreation lake for Mississippi County but that he had not committed the Publicity and Parks Commission to spending \$41,000 for the project. A Mississippi County group seek-

ing state support for the lake and a county park plans to appear before a state Game and Fish Commission hearing Sept. 18 to seek additional aid.

The proposed lake would extend north from Osceola to Hartford, about 18 miles. The \$41,000 sought for the project would be used to construct three earthen dams in bays along the Mississippi River.

## Man Stabbed and Wife Injured

MEMPHIS (AP)—A 53-year-old man was stabbed to death during a violent quarrel with his wife last night and the woman later told police from her hospital bed she didn't remember what happened.

Lloyd James Haynes was stabbed four times with a butcher knife—twice in the chest, once in the back and one in the stomach.

Police Capt. B. E. Gilligan said Haynes was stabbed in the den of his home where he had been drinking and arguing with his 49-year-old wife.

Mrs. Haynes told police her husband struck her, advanced on her with the knife but then dropped it. She said she couldn't remember anything more. She was treated for face bruises and cuts.

## State Applications

WASHINGTON (AP) — Among applications received by the Federal Communications Commission Tuesday were two from Arkansas, KMBR, Springfield, asked permission to increase daytime power from 2500 watts to 500 kilowatts and KFOY-TV, Hot Springs, asked for assignment of construction permit to American Television Co., Inc.

There are 34 hospitals and rest homes in the Metropolitan area of Greater Little Rock.

Eleven Arkansas Governors have been natives of the state.

## Integration Spread Calm in Little Rock

LITTLE ROCK (AP) — Integration spread calmly to junior high schools Tuesday in Little Rock where race mixing once brought rioting.

Twenty-three Negro students strolled into four of the five junior high schools with white students. Five other Negroes integrated 160-student Technical High School, last of Little Rock's all white senior high schools.

Only one all-white school above the elementary level remained un-integrated. No Negroes asked to attend one white junior high school. Grade school desegregation is scheduled to start in 1963.

Police patrolled around the seven integrated schools. No crowds formed. Some residents watched from porches.

An hour after classes opened police returned to their normal beats. The new school superintendent, Floyd Parsons, reported classes operated normally.

Twenty-four Negroes had been assigned to white junior high schools, but one asked for a transfer back to a Negro school. One of the 24 Negroes assigned to three integrated high schools also transferred back to a Negro school.

Gov. Orval E. Faubus, who used National Guardsmen to block desegregation of Central High School in 1957, took no notice of the expanded integration. It was not mentioned at his morning news conference.

Federal troops finally enforced integration after rioting broke out in 1957. Faubus closed Little Rock public high schools against race-mixing in 1958. A short but bloody clash broke out between police and segregationists when schools reopened in 1959, but it was calm last year.

At East Side Junior High School Tuesday three white girls passed a Negro standing alone on the school grounds before classes opened.

"Hi," they called. "Hi," came the response.

Nine other Arkansas school districts also are integrated.

At Dollarway School near Pine Bluff, the little girl who integrated the first grade last year returned with three other Negro students. The girl, Delores Jean York, and another Negro integrated the second grade this year. Two other Negroes attended the first grade. Integration continued quietly in

## Store Clerks Hear Same Old Remarks

By HAL BOYLE  
NEW YORK (AP) — Customer remarks at a supermarket clerk were tired of hearing:

"You don't stock automobile tires? What kind of a grocery store is this?"

"My husband just phoned and said he's bringing three of his bosses home for dinner. Do you have any instant pot roast?"

"Hey, take it easy on that cash register, Jack. Are you ringing up the items I bought — or playing a symphony concert?"

"How come you're charging 35 cents a pound for turkeys? I passed a Supermarket 10 miles down the road that was selling them at 34½ cents."

"So what if my boy did cut off a few of your old boxtops with his knife? He didn't spill any of the cereal, did he?"

"I know my last check bounced, but I'm sure this one is okay. I had my husband sign it, to—just to be certain."

"I'm afraid I'll have to return this two-pound box of cookies. They must be stale or something. I ate half of them after dinner last night — and didn't sleep a wink."

"My husband says he's tired of eating nothing but frozen foods. Do you have a little free booklet or something that tells how to cook food that isn't frozen?"

"Where's the manager? I want to sue him. I just got run over by three teen-agers having a drag race with shopping carts over by the fresh breads section."

"What if I am holding up the line, young man? I'm absolutely positive I have a \$10 bill somewhere in my purse — if I can just find the purse. Oh, dear, do you suppose I left it home

Fort Smith, Fayetteville, Hoxie, Bentonville, Van Buren and Charleston, all desegregated for some time. A school at Little Rock Air Force base near Jacksonville also is integrated.

Hot Springs schools have one integrated class, in auto mechanics.

In Little Rock, 13 Negroes attended Central, where seven went last year. Five are at Hall, where four attended last year.

West Side Junior High School, four blocks from Central, had 11 Negro students, East Side had 9. Southwest 2 and Forest Heights one.

## Pineapple Strawberry Alaska Is Party Fare

This golden tipped baked Alaska is a beautiful dessert to serve with a sauce of pineapple tidbits and sliced strawberries accented with cream. Start with a layer of plain cake and top with strawberry ice cream and drained canned pineapple tidbits. Next comes the swirls of fluffy meringue and a quick browning in a very hot oven.

Follow these easy directions and you'll have no trouble in making this masterpiece. Make sure not to skip any of the chilling steps because these are most important.

### Pineapple Strawberry Alaska

- 1 (9-inch) round cake layer
- 1 quart strawberry ice cream
- 1½ cups canned pineapple tidbits
- 1½ cups strawberries, sliced
- ¾ cup cream or curacao
- 4 egg whites
- ½ cup sugar
- 2 tablespoons powdered sugar

Bake and cool cake layer ahead of time. Chill. Spread ice cream in round 8-inch cake pan with removable bottom. Freeze several hours, until brick hard. Set aside ½ cup pineapple. Combine rest with strawberries and liqueur. Chill. Cover a small board with brown paper or foil. Place cake on foil; unmold ice cream onto cake. Sprinkle reserved pineapple tidbits over ice cream. Return to freezer to freeze firm again while making meringue. Heat oven to very hot (450 degrees F.). Beat egg whites in large bowl until they stand in peaks. Slowly beat in ½ cup sugar until meringue stands in stiff peaks. Spread quickly over ice cream and cake covering completely in a thick layer. Swirl into stiff points. Sprinkle with powdered sugar. Bake 3 to 4 minutes, until delicate gold and tinged with brown. Slip onto serving plate. Cut into wedges and serve a spoonful of fruit sauce with each. Makes 8 servings.

## Cereal-Fruit-Milk Combos

If "tired of the same old foods" is the excuse of breakfast skippers at your house, why not surprise them with new and different cereal-fruit-milk combos? Quick and easy to prepare, these combos can add variety and interest to the morning meal.

Have you tried serving puffed wheat topped with sliced bananas and chocolate milk? Or blueberries and sliced peaches atop puffed wheat and served with cinnamon or nutmeg milk? How about raspberries atop puffed rice? Or seedless grapes atop puffed rice and served with an egg nog?

These are but a few suggestions to try during September Better Breakfast Month—the month designated to improve breakfast eating habits for the school and work year ahead. Research at the State University of Iowa has demonstrated that adequate breakfasts are essential to maintain physical and mental efficiency during the late morning hours. Endless variety is possible when breakfast follows a basic breakfast pattern of fruit, cereal, milk, bread and butter, recommended by doctors and dietitians as an adequate morning meal for most persons.

**THE STORY:** Martha Cowgill and her charges, ten charming young women from an exclusive eastern school, are enroute to Wonderful on geology field trip. Unbeknownst to Miss Cowgill, Wonderful has plans for them.

Chapter XVI

In due time the bus reached Wonderful, slowing as it cruised past a lot where five workmen were putting together something that looked like the front of an old-time saloon.

"I wonder what kind of tourist trap that's going to be?" Stephanie mused.

They turned into the Escalante. "So this is the joint," Connie said to Linda Peters. "You know what we're going to see tourists loaded with wives and kids. Why couldn't we have a motel for bachelors?"

"They couldn't take it," Linda said.

As he registered the party a sparkling thought struck Glubman. These were the dolls that Belinda was going to line up as the Western Models, the name she had at last chosen. Wait till they got to prancing around in front of the dance hall in short skirts and little bras. Wow!

He had a movement of doubt as he observed how competently Miss Cowgill shepherded her lambs. Not a bad looking old dame, though much too efficient to suit Glubman. She didn't act like a woman who would let her gals go for that buckskin business, but Belinda had a way of handling people.

Speak of the devil! There she came, and driving the car—Y. O. Sniggers in some kind of chauffeur's livery. He creaked out and opened the door for Belinda—after she punched him in the back of the neck as a hint.

Belinda caught Miss Cowgill in mid flight between two units. "You must be Dr. Cowgill. Dear Dr. Cowgill!"

"Why, yes."

"I'm Belinda Snoddy. You've no idea how pleased I was when you wrote that you were coming."

"How nice to meet you, Mrs.

## Luscious Peach Pie

Start your Fall entertaining off right or give the family a special treat by serving a supreme dessert of Orange Peach Chiffon Pie. Warm weather still being with us and so many things to do it's a big help to be able to prepare your dessert ahead of time. Grated orange rind lends a little different flavor to this peaches and cream dessert. For variety use a vanilla wafer crust and garnish the filling with orange sections and coconut.

**Orange Peach Chiffon Pie**

1 envelope unflavored gelatin  
1 can (1 lb. 14 oz.) peach slices  
1 teaspoon grated orange rind  
2 tablespoons confectioner's sugar

1/2 teaspoon cinnamon  
1 cup whipping cream  
9-inch graham cracker crust, or baked pastry shell

Sprinkle gelatin over 1 1/4 cups syrup from peaches in a saucepan to soften. Add orange rind. Heat over low heat until gelatin is dissolved, stirring. Chill until partially thickened, then beat until light and frothy. Blend sugar and cinnamon into whipped cream. Fold into gelatin. Add drained peach slices and put into crust. Chill until firm. One 9-inch pie.

any rumors who they are, murn's the word."

Later on, Miss Cowgill asked Glubman about accommodations in the Muleshoe district, where she planned to take her charges.

Glubman shook his head. "A couple of dumps that pass as motels, that's all. Nothing for high-class folks like you, I can tell you right now."

"I see," Miss Cowgill would determine that fact herself as quickly as possible. In the meantime, the Escalante would do, in spite of her resentment over the way Belinda Snoddy had taken matters into her own hands. That Snoddy woman would have to be curbed, definitely.

"What happened to Dr. Snoddy, Mr. Glubman?"

"He drowned in the river, I think."

"How terrible!"

The old dragon probably pushed him in, Miss Cowgill thought as she went back to her room.

## New Soviet Action, Brandt Warns

BERLIN (AP)—West Berlin Mayor Willy Brandt warned today the world must expect new Soviet action in Berlin within the next two weeks.

He did not say what new measures he thought the Communists would take.

"The struggle over Berlin has not finished," he said. "When the Soviets make the next move, we shouldn't be taken by surprise again."

Speaking to a board meeting of a group called Indivisible Germany, Brandt said that on Aug. 13 the Soviet bloc let East Germany annex East Berlin and thus destroy official Allied responsibility for all of Berlin.

"By a kick of his boot, Soviet

## Arkansans Nominated

WASHINGTON (AP)—Six Arkansans were among the 164 persons nominated for postmasterships by President Kennedy Tuesday. Arkansans nominated were: Lucille U. Mink, Bay; Cleveland L. Hodges, Earle; Mary E. Ingram, Hazen; Elizabeth A. Anderson, Monticello; Vivian R. Craig, Newark; and John S. Buttry, Pea Ridge.

Premier Khrushchev removed Allied rights in all Berlin," Brandt told the group, which stands for German unification.

Brandt said West Berlin's existence depends on its links with West Germany and "the Soviets are out to sever these existing connections."

The mayor said he received a communication from Indian Prime Minister Nehru which indicated that Nehru felt West Berlin should not be separated from West Germany.

## Speedup in Nuclear Tests Is Proposed

WASHINGTON (AP)—A speedup in nuclear weapons tests was urged by the House Appropriations Committee today as it approved \$2,352,601,000 for the Atomic Energy Commission.

President Kennedy announced Tuesday the United States will resume underground and laboratory atomic tests. The committee earmarked \$3 million of the AEC's new money for the weapons testing programs.

The funds, for use during the fiscal year that started July 1, include \$501.2 million for weapons development and \$57,493,000 for special nuclear materials. The total is only \$6,799,000 less than Kennedy requested and \$98,609,000 below last year's appropriations.

## Club Owners Charged

NORTH LITTLE ROCK (AP)—Herb Lollar, manager of the Moose Club here, was scheduled for a hearing in Municipal Court today on a charge of possessing and exhibiting gambling devices. Officers said three slot machines were seized at the club Tuesday. Lollar was freed on \$500 bond pending the hearing.

Funds for the AEC were included in an over-all \$3,662,548,500 bill that also carries financing for the rivers and harbors and flood control programs, the Reclamation Bureau, and several government power programs. Its total fell \$69,489,000 below the President's requests and was \$10,776,805 under last year's appropriations.

The Reclamation Bureau and the Army Engineer Corps water resources programs were allotted \$960,369,500 for 436 projects and activities with a total estimated eventual federal cost of \$17 billion.

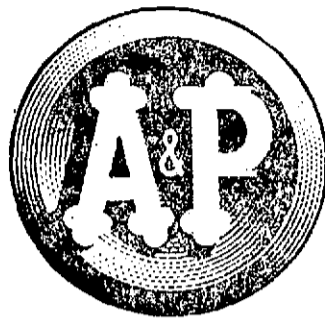

## Orioles Sign a Traveler Hurler

BALTIMORE (AP)—The Baltimore Orioles today announced the purchase of right-hander pitcher Jim Lebew from Little Rock of the Class AA Southern Association. The 24-year-old relief specialist, a native Baltimorean, is expected to join the Orioles in time for the series starting here Thursday against Washington.

Lebew, completing his fourth season in the Oriole farm system, compiled a 10-7 record with Little Rock. He had an earned run average of 2.51, walked 57 batters in 136 innings and struck out 96. He appeared in 68 games, mostly in relief.

Metropolitan Little Rock has about 250 churches, representing most faiths and denominations.

All except about 15 miles of exposed rock in Arkansas is of sedimentary origin.

## Ghana Chief Beats Nehru to Moscow

By PRESTON GROVER

MOSCOW (AP)—Prime Minister Kame Nkrumah of Ghana beat India's Prime Minister Nehru into Moscow by 40 minutes today and presented Soviet Premier Khrushchev the first direct word from Belgrade Yugoslavia, of the non-aligned summit conference call for peace talks.

Khrushchev embraced the African leader at the foot of the gangplank of his Soviet-built Ghana Airways airliner.

The two went immediately to a private room at the airport to begin discussion of the conference message calling for a meeting of Khrushchev and President Kennedy.

Nehru landed 40 minutes later for an official visit to the Soviet Union. It was not clear whether he would join Nkrumah in the appeal although the Belgrade conference had asked him to.

Nehru's visit had been planned for more than two months and some sources said he was reluctant to get involved in world politics by bringing in the Belgrade appeal.

Khrushchev emerged to greet Nehru. President Leonid Brezhnev, Foreign Minister Andrei A. Gromyko and other Soviet leaders were in the welcoming party.

Indian girls wearing saris presented Nehru with flowers.

Nkrumah's decision to come here, of which the Russians were advised only Tuesday night, threw the airport into confusion.

Shortly before the African leader arrived, workmen scurried

## Musk Ox Vanishing

COPENHAGEN, Denmark (AP)—Officials say the musk oxen population on Denmark's island of Greenland has dwindled from 15,000 to less than 6,000 in the past 20 years as a result of unusually heavy snowfalls that block the animals from reaching grass.

around taking down Indian flags and portraits of Nehru which had been put up to welcome the Indian leader.

They substituted flags of Ghana and pictures of Nkrumah. As soon as Nkrumah and Khrushchev went inside, the workmen were back to take down the Ghana decorations and put the Indian ones back up.

It was expected that Nehru personally would urge Khrushchev to accept the U.S.-British proposal for a moratorium on nuclear weapons tests above ground. Radio Moscow had scornfully dismissed the Western proposal.

Denunciation of the Western proposal was accompanied by continuing press attacks against the United States, Britain, France and West Germany, unparalleled in the last few years.

The government organ Izvestia published an attack on France coupled with a warning that Paris would be obliterated by Soviet bombs in the event a "limited war" starts over Germany.

Britain has been under almost daily attack for allowing West German troops to train on her soil, while France's nuclear tests in the Sahara were given as one of the main reasons for the Soviet Union resuming her tests.

The area of Arkansas is 53,335 square miles, of which about 1,000 are water.

## New Tokay Party Salad

This handsome "Autumn Fruit Ring" salad will make any party memorable. The sparkling top layer, made with lemon gelatin, holds crisp Tokay grapes, diced pear and spicy candied ginger. The bottom layer, smooth with cream cheese and tangy with apricot nectar, sets off the glistening fruits invitingly. No dressing is needed. Decorate the table with bunches of lovely Flame Tokays for an extra touch of elegance.

For "Autumn Fruit Ring," rinse 2 cups Tokay grapes, halve and seed. Soften one 3-ounce package lemon gelatin in 1/2 cup water. Heat 1 1/2 cups water to boiling; add to softened gelatin along with 1 tablespoon lemon juice. Stir until gelatin is completely dissolved. Chill until mixture mounds on a spoon. Fold in Tokays, 1 cup diced fresh pear and 1 tablespoon-chopped candied ginger. Turn into a 6 1/2-cup mold; chill until firm.

Soften one 3-ounce package lemon gelatin in 1/2 cup apricot whole fruit nectar. Add 1 1/2 cups boiling nectar, stirring until gelatin is dissolved. Stir in 1/4 teaspoon salt and 3 tablespoons lemon juice. Chill until thickened. Beat mixture with rotary beater until fluffy. Add two 3-ounce packages softened cream cheese and blend firm. Unmold and garnish with salad greens and Tokay clusters. Makes 10 to 12 servings.

## Decides Against Pedestrian Walk

LITTLE ROCK (AP)—The Ar-

kansas Highway Commission has

decided against building a pedestrian overpass across Highway 65

at the Dollarway School near Pine Bluff.

School officials had asked for the overpass because of high traffic volume on the road, which runs within 150 feet of the school.

Highway Director F. R. Oliver said the request was denied be-

## Chicago Has Integration Troubles

By WILLIAM J. CONWAY

CHICAGO (AP)—Negroes, aiming what they called a "telling blow at Chicago's segregated school system," tried to get their children into all-white public schools today.

But they were turned back without incident on grounds that they did not live in the school district.

Chicago's schools do not function on a white or Negro basis but the student bodies reflect the race of the population in the neighborhoods where the schools are situated.

The Chicago branch of the National Association for the Advancement of Colored People which called for the "telling blow" urged Negro parents to try to shift their children from crowded all-Negro schools to nearby all-white or predominantly white schools which they said had available space.

The first target was the Bryn Mawr Elementary School in the southeastern section of Chicago. All the school's pupils are white and live in an area of neat apartment buildings and smaller residences.

Four Negro men and four Negro women escorted 12 youngsters to the Bryn Mawr school today, opening day of the 1961-1962 school year. The children previously had attended the Cornell and Revere schools in the same general region as Bryn Mawr.

They were met at the door by Miss I. M. Kinchloe, the principal. The Negro spokesmen said they sought transfers for the children to the Bryn Mawr school.

The principal asked the places of residence of the children and said: "You're not in our attendance area." She explained the Chicago Board of Education policy of not granting transfers except for medical reasons.

The group left without protest. Police kept the school yard under surveillance but did not enter the building.

Later, a Negro father of two sons and a Negro couple accompanying their four children sought to have the youngsters enrolled at the Spencer School and the Orr School on the West Side.

At the O'Keefe School, 18 or 20 children accompanied by a dozen parents lined up with other enrollees.

The principals in all cases asked the addresses of the youngsters, and in each instance it was outside the school district. The parents were told of the regulations and they left without protest.

cause "we have hundreds of schools on highways and if we started this kind of thing it would never end."

Oliver said such an overpass would cost about \$15,000. "If we had to have hundreds of them, it would run into real money," he said.

William R. Miller of Batesville was the first native Arkansan to become governor of Arkansas.

## Spa Office to Remain Vacant

HOT SPRINGS, Ark. (AP)—City Atty. Norwood Phillips Jr., named recently in forgery charges, has resigned and city officials say the job will stay vacant until the Nov. 7 election.

The City Council voted not to fill the post after Phillips resigned Tuesday night. A successor, to be elected in the fall, will serve the two years then remaining on Phillips' term.

Phillips was suspended from office by Circuit Judge P. E. Dobbs after Prosecutor David Whittington filed three charges against him alleging forgery in connection with real estate transactions. Phillips now is a patient in a Little Rock hospital.

## Happenings in World of Science

Radio stations on pigeons' backs, ideas for doughnut-shaped space platforms, and Navy voyages on a miniature ocean are among the newer wrinkles for scientists at the moment.

A new miniature radio that can be strapped piggy-back to a homing pigeon may lead to a breakthrough in solving the mystery of the "homing instinct"—and perhaps point the way to new developments in target-seeking missiles.

This is the word from scientists of the Office of Naval Research. A Philadelphia firm, American Electronic Laboratories, has devised for them a powerful miniaturized radio beacon, weighing less than an ounce, it's capable of sending signals detectable for 20 miles in all directions when broadcasting from the back of a pigeon in flight.

In a recent test, a pigeon was successfully tracked throughout a 20 mile flight to his home loft.

It's all part of an effort to incorporate into missiles—and navigational devices—electronic gadgets that would virtually duplicate the wonderful navigational powers of certain animals and birds.

Space Doughnuts  
Some scientists see possibilities of developing "inflatable space stations" which would be, in effect, flying doughnuts.

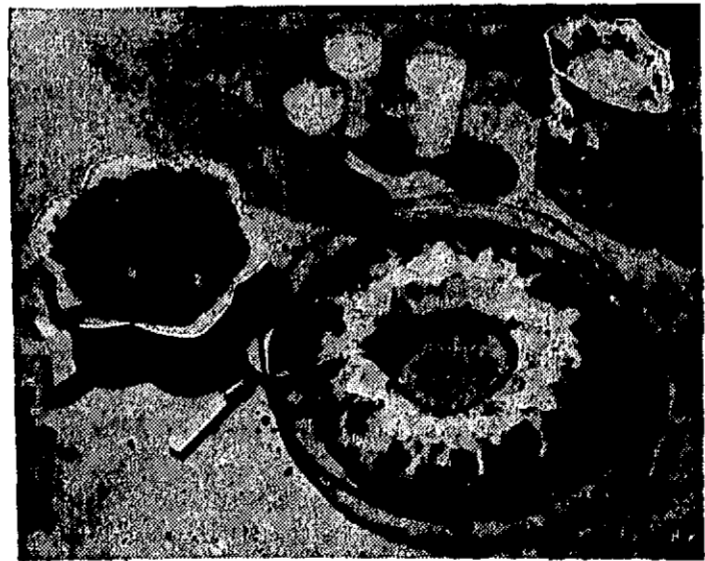

According to one idea, a metal capsule, like the Project Mercury device would be lofted into orbit. Then, a lightweight inflatable material would be blown up around it in a doughnut shape. The astronaut would open a hatch in his capsule and enter the doughnut—and have room to move around comfortably for a flight lasting several weeks.

Tom Thumb Gale

The Navy has a brand new model size ocean for subjecting dwarf-sized versions of the ships of tomorrow to virtually all the rigors of a gale at sea.

The laboratory ocean is a water-filled basin 360 feet long, 240 feet wide and 20 feet deep. By means of pneumatic wavemakers located at one of the walls, engineers can create "a confused sea state which closely approximates the cross-sea of a true ocean in a full gale.

The fresh purple plums which come into our markets from Idaho are so good eaten out of hand for pleasant snacking, out of dish with cream and sugar or a drizzle of honey, out of oven in such marvelous pies and other desserts. But the season is so short that it is a good idea to stow away some on your canning shelves and in your freezer to enjoy later in ways such as the fruit cooked in heavy syrup or as

2 tablespoons granulated sugar  
2 tablespoons shortening  
1 egg, well-beaten  
1/2 cup milk, about

**Filling**  
2 to 3 tablespoons butter  
1/2 cup granulated sugar  
1 and 1/4 cups cut Idaho purple plums  
2 teaspoons cinnamon  
sprinkling of chopped walnuts

Cut shortening into sifted dry ingredients to size of rice grains. Carefully stir in combined beaten egg and milk. This should make a dough easily handled. Add a bit more milk if necessary. Turn out on floured cloth. Knead slightly until smooth. Roll dough into oblong shape, about 1/2-inch thick. Spread with softened butter, sprinkle with sugar and cinnamon, dusting of chopped walnuts. Over all sprinkle purple plums cut in pieces size of large peas.

Carefully roll up as for jelly roll, sealing the outer edge with a little milk. Then place sealed-edge-down in ring on lightly-greased cookie sheet. Pinch moistened ends together. With scissors dipped in flour and held on the bias, make cuts 3/4 of the way through the ring at 2-inch spacings. Turn each section on its side by pulling points out and down against the cookie sheet.

Bake in a 400 degree F. (moderately hot) oven about 30 minutes. Carefully slip hot ring onto a warm chop plate. Brush with melted butter or spread with Quick White Icing made by sifting a little powdered sugar into a bowl, moisten with cream or milk to spreading consistency; add a bit of vanilla. Best served hot for breakfast or dessert.
